

My Home My Choice 2021

Vision Board Possibilities for Home & Life

Questions to think about for creating a Vision Board for different areas of your life:

- *How would you like to decorate a room or space?*
- *What are you looking for in a house/apartment/studio space?*
- *What social, sport or creative activities or experiences are you wanting to bring into your life more?*
- *Creative ideas to be social?*
- *Are there goals you want to focus on?*
- *Travel dreams. If you can't travel, what would you like to learn about: a different place? Food, music, culture, architecture?*
- *How would you like to be/feel in a situation?*
- *What qualities are you looking for in a friend, support worker, neighbourhood?*

The possibilities are endless!

Vision Boards can change as your ideas, desires, and priorities change.

You may want to revisit and make some changes to your Vision Board or even create a new one.
