

**Your invitation to . . .**

# **Family GAMES NIGHT & More**

**Wed March 3, 2021 - 6:30 to 8:00 pm**

*Back by popular demand (and because broken cable lines meant they couldn't lead us in games on Feb 3<sup>rd</sup>) are our fabulous game hosts: the Kerr Family! Join us as families get together virtually over Zoom for some fun.*

Heather, Donna, and Sheena are ready with their **costume bling** and their **friendly hosting skills** to help us have a fun evening – especially those of us who have never done something like this before. Feel free to join our hosts wearing some fun attire or anything that makes you feel comfortable - if you would like! This is purely optional, your choice. It was fun to see what some families wore last month: feathery boas, large funky earrings, fabulous and silly hats, and more – including comfy sweatpants!

**Photo Stream: Our Favourite Spaces:** We will start the gathering rolling through a few photos of a favourite spot or room received from people and families. We all have our own favourite spaces, and it's good to see how the little things in our homes bring us everyday joy. If you want to send us a picture, we would love to add it to the photo stream. Again optional - your choice. Here are some ideas: *Did you or your family member change things up since the pandemic started? Did you repurpose a room into an exercise area, or a movie room? Did you add something new or do any redecorating? Or had you already decorated things just the way you wanted and want to share that! Do you have a poster wall?* Whether it's about decorating, re-purposing, some favourite posters—anything at all – we would love to add it to the collection and share it. The serious, the pretty, the functional and the fun! Anything goes! There will be no names attached to photo, just sharing a variety of pictures to visualize the collective 'us' and what we or our family member's treasure! **Participants who send in a picture will have their name entered into a Spin Wheel draw that evening for a Tim Horton's card.**

**Games: The Main Event!** Heather will be our game host, while Donna and Sheena keep score -- as they lighten up the tail end of winter for us! We are pleased they've agreed to lead us. As families, we struggle at times to hold things together, thinking about the future, and surviving day-to-day. We experience ups and downs, with good days and bad, on our journeys. This evening is for us to take care of ourselves and have fun!

*This evening is a chance to build strength and resilience together. It is an opportunity to re-group. Maybe, by the time we are finished, some of us may even have enough confidence to hold a games night with our own family or friends.*

RSVP for the **Family Games Night** by going to the Upcoming Events page on our website <https://windsoressexfamnet.ca> and clicking on the registration link  
OR by emailing [info@windsoressexfamnet.ca](mailto:info@windsoressexfamnet.ca)
